

COMPANY OVERVIEW

EELite Enterprise Resolution LLC (EER) is an Ogden, Utah-based IT staffing subcontractor prepared to support federal prime contractors with technical recruiting, candidate screening, onboarding coordination, and workforce-continuity planning. EER is prepared to coordinate its assigned workshare within the prime's delivery cadence, screening requirements, documentation processes, and customer commitments.

MISSION Enable stronger prime-contractor delivery through disciplined IT staffing, transparent workshare, and dependable employee support.

CORE COMPETENCIES

Prime-Contractor Staffing Support

Requisition intake, labor-category alignment, candidate-pipeline management, and status reporting.

IT Staff Augmentation

Technical recruiting for systems, infrastructure, cybersecurity, cloud, and program-support roles.

Infrastructure & Operations Talent

Systems, network, data-center, cloud, and technical-operations personnel.

Cybersecurity & Network Talent

Cybersecurity, network engineering, compliance, and secure-operations personnel.

Candidate Screening Packages

Requirement crosswalks and screening support for education, experience, certifications, access prerequisites, and location.

Onboarding & Employee Support

Prime-directed screening coordination, access-readiness support, orientation, timekeeping, and employee-care escalation.

Surge Recruiting & Backfill

Scalable sourcing, rapid candidate slates, replacement planning, and continuity support.

Workshare & Performance Reporting

Candidate activity, staffing status, risks, retention actions, and backfill reporting.

WHY EER

- ◆ **Prime-integrated delivery** - EER is prepared to work within the prime's requirements, customer commitments, screening, documentation, and reporting processes.
- ◆ **Staffing discipline** - Candidates are aligned to labor categories, qualifications, locations, and submission requirements before presentation.
- ◆ **Clear visibility** - Candidate-source tracking, staffing risks, and next actions are documented for prime stakeholders.
- ◆ **Workforce continuity** - Employee support, retention touchpoints, and structured backfill planning are designed to support assigned workshare continuity.

DELIVERY MODEL

ALIGN	RECRUIT	SUPPORT
Confirm workshare, labor categories, qualifications, access needs, locations, and submission rules.	Source, screen, and organize candidate information for prime review; coordinate onboarding with the prime.	Support employees, communicate status, manage issues, and execute retention and backfill actions.

CUSTOMER VALUE

STRUCTURED CANDIDATE SUBMISSIONS	COORDINATED STAFFING ADMINISTRATION	CONTINUITY PLANNING
Structured intake and targeted sourcing support timely, requirement-aligned candidate submissions.	EER provides staffing-status visibility and coordination to support prime-team administration.	Retention touchpoints, issue escalation, and backfill planning support continuity within assigned workshare.

ENGAGEMENT FIT

PRIME TEAMING • IT STAFFING • TECHNICAL RECRUITING • TASK-ORDER SUPPORT
